- Maintain a valid financial guarantee
  - Make sure your official Financial Guarantee is submitted to Sponsored Student Programs
  - Check your Financial Guarantee end date:

- Check your student account and pay any outstanding personal balance each term
  - You are responsible to pay for any fees that are not covered by your sponsor. These include: parking citations, printing, pharmacy, student health service charges, late return of books, library fines, and late registration fee.
  - You are not permitted to take online courses unless you get prior permission. If you do not get permission before taking the course, you may have to pay for the online courses yourself!
- Check your OSU email frequently
- Be aware of holds
  - Reasons for holds may be:
    - Outstanding balance (check your student account frequently and pay on time!)
    - Expired Financial Guarantee
    - Academic Standing (Grades, Attendance)
    - Lack of official documentation such as the submission of high school transcripts or language scores
  - It is your responsibility to see a Sponsored Student Advisor to learn how to have the hold removed before your registration date! It may take up to 10 business days to remove a hold!
- Submit the Authorization for Release of Information waiver (FERPA form) for your sponsor through ipconnect
As a sponsored student, you may be required to submit letters and other documentation to your sponsor. For instructions on how to request these documents, please refer to the section below.

### Types of Letter and Who to Ask

#### ✔️ Sponsored Student Programs

All letter requests to Sponsored Student Programs should be submitted through [https://ipconnect.oregonstate.edu](https://ipconnect.oregonstate.edu)

#### Verification of Enrollment (for all students)

This report indicates enrollment and the courses in which you are registered for a specific term. Be sure to indicate the term for which you are requesting the enrollment report. Example: “Fall 2019”.

** If you are not registered for the term yet we cannot prepare your Verification of Enrollment.

#### Online Enrollment (OSU students only)

This letter reports your enrollment in an online course by listing current online course enrollment and all previous online courses taken at OSU. You need to request this form to obtain approval from your sponsor for taking the online course and to obtain an online financial guarantee. We may not be able to invoice your sponsor for the online course without prior permission.

#### Audit of Previous Online Courses (OSU students only)

This letter reports all your online courses previously taken at OSU. If you are not currently taking an online course but must provide a list of previous online courses taken to your sponsor, this is the report you should request.

#### Concurrent Enrollment (OSU students only)

This letter reports the course you are requesting to take at another institution. It will also confirm if the credits taken can be transferable to OSU if completed successfully.

#### “OTHER” Letter Request (for all students)

If the letter you need is not listed above, select “Other Letter” in your e-form and clearly describe what type of letter you need for your sponsor. If the letter you are requesting cannot be written by our team, we can work with your academic department and request them to prepare the letter for you. Once done, the letter will be emailed to you.

Each academic term at OSU is very short, with 10 weeks of instruction, followed by final exams. This means that courses move quickly and it is important for you to stay on top of details. Below are a few tips that may help you succeed and have a more positive educational experience at OSU. For more academic success resources, please visit the Academic Success Center (http://success.oregonstate.edu/)

**Attendance**
Attending class regularly is important to your academic success. Arrive on time and pay attention to what is going on in class. Review the course syllabus and understand the attendance policy for each course. Some instructors may count arriving late as an absence. *Your sponsors may also have attendance policies, and may require you to repay tuition, fees and other costs associated with any course(s) in which your attendance falls below the required minimum.*

**Classroom Courtesy and Participation**
Class participation is an important aspect of education in the U.S. Show respect for your instructor and classmates by paying attention in class and not causing distractions. *Turn your cell phone off in class.* Also, do not sleep in class. Instructors often expect you to share your ideas with your classmates. In some courses, class participation may be used to help determine your course grade.

**Time Management**
Time management is a skill that you can use in all areas of life: schoolwork, social life, hobbies, career, and family. With the term moving so quickly, being able to organize your time will be key to a successful and balanced life. The Academic Success Center has many useful tools to help you with time management. Please see [http://success.oregonstate.edu/learning/managing-my-time](http://success.oregonstate.edu/learning/managing-my-time)

**Canvas**
Canvas is the learning management system used by OSU. Through Canvas you will be able to access learning materials, such as the syllabus, discussions, and assignments for many of your courses. Your instructor may require you to submit your assignments and take quizzes/exams through Canvas. This system may also be used to communicate important class information, so log-on to your canvas site regularly.

**Tips for Success**

**Emails**
Check your ONID email at least once a day. This is the email address that will be used by the university to communicate important information related to your academic studies, immigration, and various other important topics.

**Budget**
It is important to understand what costs will be paid by your sponsor and what costs are your own responsibility. For example, your sponsor may pay your tuition and fees, but may not pay for printing fees and parking citations. In addition, your sponsor may not cover costs associated with elective courses such as Physical Activity Course (PAC) beyond the mandatory Bac-core credits. It will be your responsibility to pay these charges and they will appear on your student account. Check your student account frequently and monitor your account balance. Failure to pay for your account balance in a timely manner may result in a registration hold. It is important to manage your personal finances. The Office of Financial Aid and Scholarships provides resources to help you manage your finances.
