

OPTIONAL PRACTICAL TRAINING (OPT)

Optional Practical Training (OPT) is an employment benefit available to students in valid F-1 status. OPT allows students to work in a temporary position that is directly related to their field of study, as indicated on the form I-20, for up to 12 months. Applications for OPT are reviewed by U.S. Citizenship and Immigration Services (USCIS) and take approximately 2-4 months to process. Students must attend an OPT informational workshop before requesting a recommendation for OPT.

Eligibility for OPT

Students in valid F-1 status are generally eligible to apply for OPT if they meet the following requirements:

1. Have been enrolled full-time in a USCIS-certified school in lawful non-immigrant status for 9 months (3 terms).
2. Are currently engaged in a degree-seeking academic program, or a structured non-degree program that is part of an established OSU curriculum.

Limitations of the OPT Authorization

Students are limited to 12 months of OPT per education level completed (undergraduate, master's, doctoral). Some students may be eligible for an additional 24 months of employment authorization (see *24-Month STEM Extension* section below). Earning another degree at a *higher* education level entitles you to apply for an additional 12 months of OPT based on that degree. Students who have been authorized for 12 months or more of full-time Curricular Practical Training (CPT) are **not** eligible for OPT at the same degree level.

Pre-Completion OPT (before completion of studies)

Students may choose to use some or all of their 12 months of OPT before the completion of studies. While school is in session, students are limited to part-time OPT (20 hours or less per week) and must continue to enroll full-time. During the annual vacation term and when school is not in session, students may engage in full-time OPT (more than 20 hours per week). Part-time OPT is calculated at one-half the full-time rate (2 months of part-time OPT = 1 month of full-time OPT). Students who engage in pre-completion OPT may not be eligible to apply for a 24-month STEM extension. For more information about pre-completion OPT, please make an appointment with an International Student Advisor.

Post-Completion OPT (after completion of studies)

When to Apply

Students may apply for post-completion OPT *no earlier* than 90 days (3 months) prior to the completion of studies and *no later* than the end of the 60-day grace period following the final term of registration. For students on a graduate assistantship during the final term of registration, the grace period begins the day after the assistantship employment ends. **The OPT application must be received by USCIS within 30 days of the signature date on the I-20 with the OPT recommendation.**

Processing Time

USCIS takes approximately 2-4 months to process OPT applications. You may not engage in any employment after the completion of your program (or your assistantship contract) until you have received a valid Employment Authorization Document (EAD). We strongly encourage you to submit your OPT application as early as possible to ensure you receive your employment authorization before your desired employment start date. Students who meet the expedite criteria (<https://www.uscis.gov/forms/expedite-criteria>) may submit a request for expedited processing with their OPT application. See an International Student Advisor for more information.

OPT Authorization Dates

If your OPT application is approved, USCIS will authorize you for practical training during the 14-month period following the completion of studies (2 months grace period + 12 months possible OPT). You may request for your OPT to begin anytime between the completion of studies date and the end of your 60-day grace period. Your Employment Authorization Document (EAD card) will show either your requested start date (as recommended on your OPT I-20) or the date that your application is adjudicated, whichever is later.

Immigration Status during OPT

You may remain in the United States following the completion of your program while your OPT application is in process, provided you have filed your application with USCIS before the end of your 60-day grace period following your final term of registration. If your OPT application is approved, your F-1 status will be extended from the date your OPT application is filed to the end of the 60-day grace period following OPT.

End of Employment & Grace Period following OPT

Unless you have submitted an application for the 24-month STEM Extension, you must stop your OPT employment by the end date on your EAD card. You will receive a 60-day grace period after the completion of your OPT authorization period (following the EAD card end date). During this time, you may request a change of level to begin a new program at OSU; request a SEVIS transfer to begin a new program at another school in the U.S.; secure an alternative immigration status; or prepare for your departure from the United States. You are not eligible to work during the 60-day grace period following OPT.

Travel

Students may travel outside the U.S. before the completion of their academic program and after OPT has been authorized by USCIS. It is not advisable to travel outside the U.S. after the completion of studies if your OPT application is still in process. If you must leave the country during this time, please make an appointment with an International Student Advisor before your departure. While on OPT, the travel signature on your I-20 will be valid for **six months** from the signature date (not one year, as before OPT). To re-enter the U.S., you will need a valid travel signature on the form I-20, a valid F-1 visa, a valid passport, and a valid EAD. Students are also encouraged to have verification of employment or search for employment with them in case they are questioned at the Port of Entry.

24-Month STEM Extension

Students who have completed a degree in certain Science, Technology, Engineering, and Mathematics (STEM) fields may be eligible to apply for a 24-month extension of their OPT benefit, for a total authorization period of 36 months. To be eligible for a 24-month extension, you must have completed a degree in an eligible STEM field **and** have a job offer from a company that has registered with the federal E-Verify program. For more information, please refer to the *24-Month OPT STEM Extension* packet.

H-1B Cap Gap Employment Authorization

If your employer has filed an H-1B petition on your behalf, you may be issued an extension of your employment authorization to cover any gap period between the end of your OPT and the start of your H-1B status. An International Student Advisor may issue an I-20 indicating this "Cap Gap" employment authorization if your H-1B petition has been filed in a timely fashion **and** it is either in process or has been approved. If your H-1B petition is denied or withdrawn, any Cap Gap employment authorization issued will be rescinded. Please submit a copy of your form I-797 Notice of Action/Approval to OIS to request the employment authorization, or to notify us of an intended change of status. If you are eligible, you will be issued a new I-20 with the employment authorization indicated on page 2, which you may present to your employer as proof of continued employment eligibility.

Unemployment

Your F-1 status is dependent upon engaging in practical training (at least 20 hours per week) during post-completion OPT. Students may not accrue an aggregate of more than 90 days of unemployment during the initial 12-month OPT authorization period. Please note that after 90 days of unemployment your SEVIS record may be terminated, please see an advisor if you are approaching the end of your 90 days. Students who are authorized for a 24-month STEM extension may not accrue an aggregate of more than 150 days of unemployment during the entire 36-month OPT authorization period (initial post-completion period and the subsequent 24-month extension). You should plan to depart the country before you reach your unemployment limit if you are unable to find employment.

Reporting Requirements

While on OPT, you must provide OIS with a copy of your EAD card and continue to notify our office of a change of address, legal name, or immigration status within 10 days. You must also notify our office when you begin, end, or change employment. To learn how to report this information to OIS, please visit: <http://internationalservices.oregonstate.edu/ois/opt-reporting>

APPLICATION PROCEDURES FOR OPT

Step 1: Attend an OPT workshop offered by the Office of International Services (OIS).

Workshops are generally offered a few times per month. To find out when the next session is scheduled and to reserve a seat, use the Acuity system: <https://oisappointment.as.me> OPT workshops are also available on our OIS Canvas Course if you cannot attend in person.

Step 2: Request an OPT recommendation from OIS.

Submit a complete *Optional Practical Training Recommendation Request Form* (included in this packet) to our office. An advisor will review your packet and, if you are eligible, will enter a recommendation for OPT in SEVIS and issue you a new I-20. OIS only recommends students for OPT; actual authorization is given by USCIS and takes 2 to 4 months to process. Your new I-20 should be ready to pick up within 7 business days of submitting your request form.

Step 3: Prepare the following documents for submission to USCIS:

- Form G-1145:** <https://www.uscis.gov/g-1145>. Include this form to get a text or email when your application is received by USCIS. **Contact an International Student Advisor if you don't receive an electronic or paper receipt notice within a month.**
- Form I-765:** <http://www.uscis.gov/i-765>. Type in your information instead of handwriting and then print the form. This helps with accuracy when the Lockbox scans your application. **Don't forget to sign the form!**
 - If you move while your application is in process, the Post Office will not forward USCIS documents to your new address. You may enter a friend's address in form I-765 if you anticipate moving and use the "In Care Of Name" field.
 - Enter "N/A" for any questions or fields that do not apply to you. Enter all dates in the format MM/DD/YYYY.
 - For Part 2, #27, enter (c)(3)(B) for post-completion OPT.
 - Use Part 6 for additional information such as previously filed I-765 applications, prior SEVIS numbers, and a list of CPT authorization dates
- Two (2) color passport-style photos taken within the last 30 days.** Guidelines for photos are included in this packet. Put a piece of clear tape on the back of each photo and lightly print (in pencil) your full legal name and I-94 number.
- Filing Fee.** Check or money order made out to the "U.S. Department of Homeland Security" or Form G-1450 if paying by credit card. The current fee for the I-765 can be found here (no biometric fee needed): <https://www.uscis.gov/i-765>
- Photocopy of I-20 containing the OPT recommendation from OIS (all pages).** Make sure to sign the OPT I-20. Send a photocopy with your OPT application to USCIS. Keep the original OPT I-20 for your use.
- Photocopy of all previously issued I-20s (all pages).**
- Photocopy of I-94.** Find the electronic record here and print it: <https://i94.cbp.dhs.gov/i94>. If you last entered the U.S. when the paper I-94 cards were still in use, make a photocopy of both the front and back of the paper I-94 card.
- Photocopy of the F-1 visa page from your passport.** If the visa in your passport does not match the immigration status you currently hold, include a copy of the approval notice from your change of status petition.
- Photocopy of the identification page from your passport.** Include copies of your passport validity dates and any renewal or extension pages. You must have a valid, unexpired passport to be eligible for OPT.
- Photocopy of any previously issued Employment Authorization Documents (EAD cards).** If applicable.

Step 4: Mail all documents to the appropriate USCIS Lockbox

View this website to determine where to mail the application materials: <https://www.uscis.gov/i-765-addresses> Click on "Foreign Students" and view the addresses next to the (c)(3)(B) category.

The mailing address you use depends on whether you choose to send your application by the U.S. Postal Service (USPS) or a private courier like FedEx, UPS, or DHL. The USCIS Lockbox Facility will forward your application to the correct USCIS Service Center for processing. Keep copies of all documents you send. If using the U.S. Postal Service, request mail tracking or use certified mail with a return receipt. Allow 2-4 months processing time. To check the status of your application, visit: <https://egov.uscis.gov/casestatus/landing.do>

Step 5: Provide a copy of your EAD to OIS and report OPT participation to stop your unemployment days from accumulating

Upload a copy of your EAD card (front and back) to IPConnect: <https://ipconnect.oregonstate.edu>. (Click on *F-1 Practical Training* and then *Updates for Pre-Completion, Post Completion*.) You can also add and edit OPT employer information using this same e-form group. If your U.S. address or contact information change, click on *Biographical Information* to report these changes. More information here: <http://internationalservices.oregonstate.edu/ois/opt-reporting>

Put a piece of clear tape on the back of each photo and lightly print (in pencil) your full legal name and I-94 number (which you can find here: <https://i94.cbp.dhs.gov/i94>).
