

Social Security Verification Form (On-Campus Only)

International students must have a Social Security Number (SSN) for employment in the United States. Once you have completed the first two sections of this form with your departmental supervisor or hiring manager, please submit the form to the Office of International Services (OIS). Social Security Verification Form (On-Campus Only)

Steps to Acquire a Social Security Number

1. Receive an on-campus job offer.
2. Your departmental hiring manager or supervisor may request that you complete this form through DocuSign. They will submit it to be approved by an international student advisor (Designated School Official or Alternate Responsible Officer) in the Office of International Services.
3. When the form is approved and electronically signed by all parties, you will get a digital copy of the completed form through email. A paper copy of the form with a "wet" (ink) signature from an international student advisor will be ready for pick-up in 130 University Plaza. A hard copy of your I-20 or DS-2019 with a wet signature will also be available.
4. If you do this form through DocuSign, it will be your responsibility to also get a wet signature from your supervisor on the form. The electronic DocuSign process is used for OSU's internal procedures, but the Social Security Administration office in Albany requires wet signatures on this document.
5. If you are a new student at OSU and have not already attended International Student Orientation, you will need to complete the **Immigration Document Check-In** procedure described below and register full-time for your first term *before* OIS can complete the Verification Form. New students to the U.S. are advised to be in the country for at least 10 days prior to applying for a Social Security Number. This allows time for the Port of Entry data to be entered into the system that the Social Security Administration (SSA) office uses for validation.
6. Bring your completed Social Security Verification Form and additional documents (see below) to the Social Security Administration office in Albany to receive your Social Security Number. The SSA office is currently accepting walk-ins; no appointment is necessary. Go to the office no sooner than 30 days prior to your employment start date.
